

EU-Western Balkans and Neighbourhood flagship projects for 2023

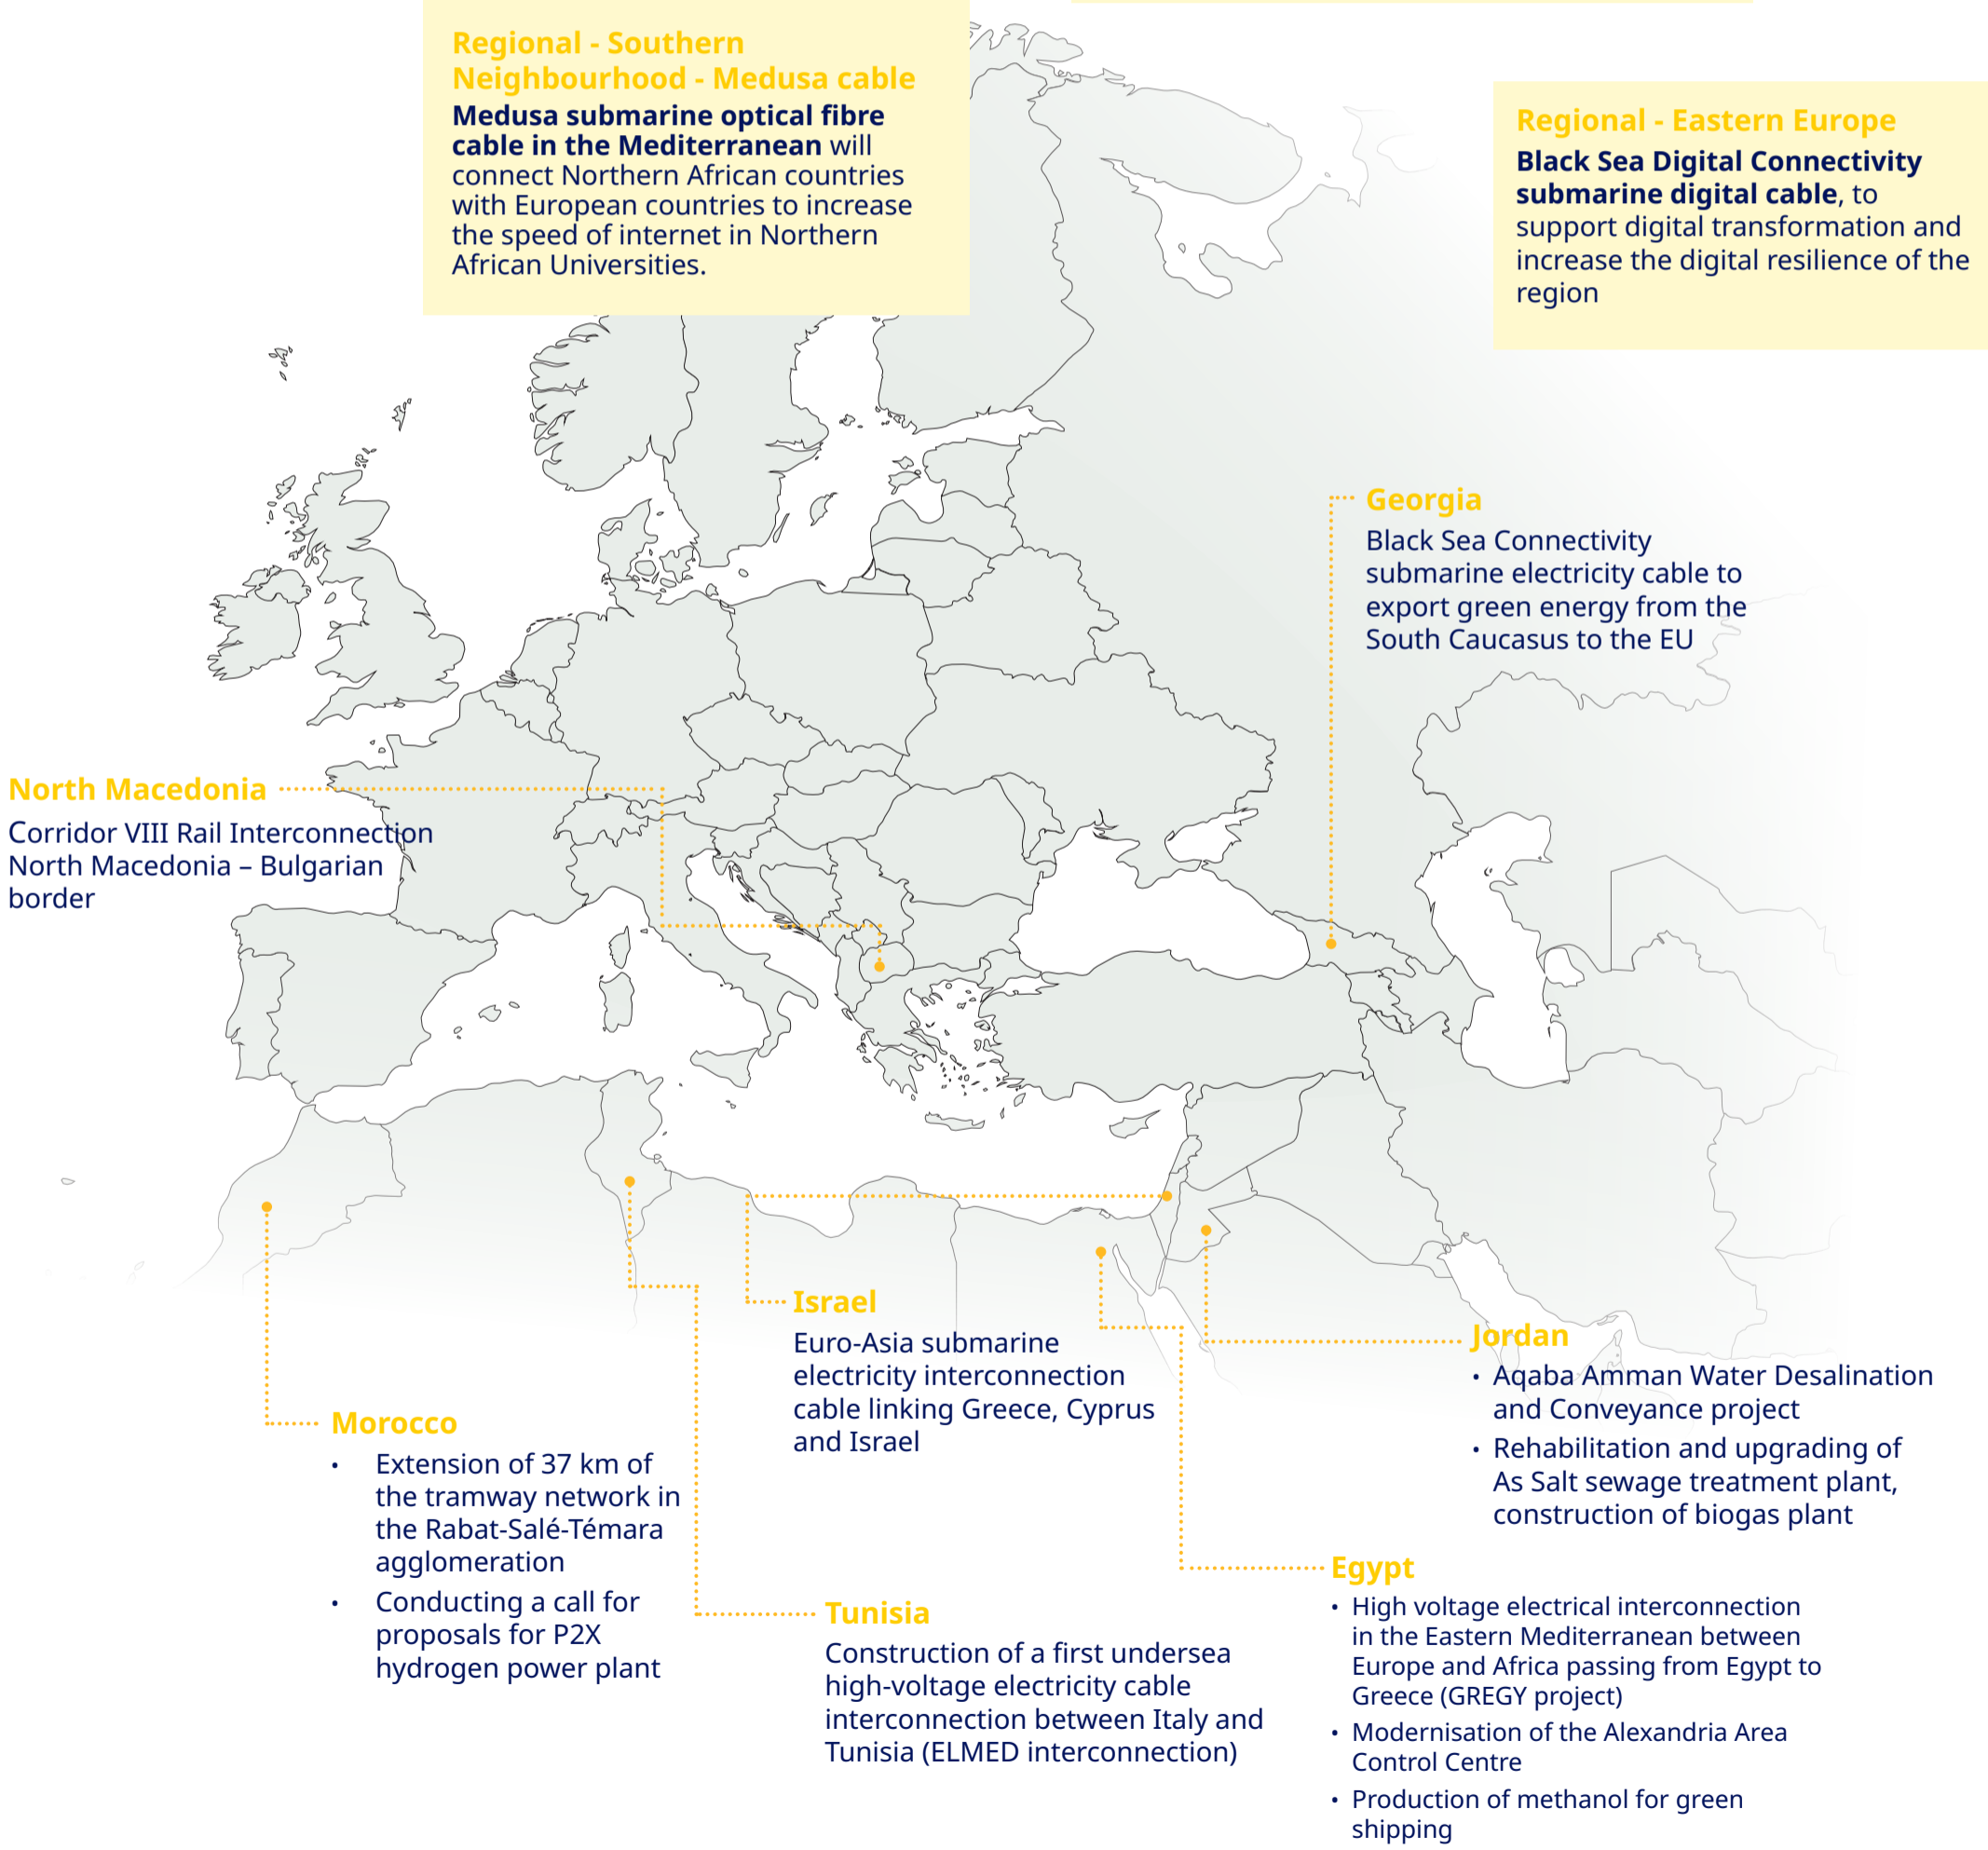

MARCH 2023

Projects are implemented under NEAR Economic and Investment Plans agreed with the countries.

Regional - Western Balkans
Trans-Balkan Electricity Corridor in Serbia, Montenegro, Bosnia and Herzegovina, 400kV Interconnection linking electricity transmission systems to those of Croatia, Hungary, Romania and Italy

Regional - Southern Neighbourhood - Medusa cable
Medusa submarine optical fibre cable in the Mediterranean will connect Northern African countries with European countries to increase the speed of internet in Northern African Universities.

Regional - Eastern Europe
Black Sea Digital Connectivity submarine digital cable, to support digital transformation and increase the digital resilience of the region

These outputs do not capture the whole of the Team Europe engagement in a country. They capture some concrete infrastructure investments under Global Gateway, funded with EU budget and/or Member States budget. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.
